PP Test 2 □□□□□

Test 2 1~143

1. Sand is formed by the weathering and decomposition of all types of rock, _____ most abundant mineral constituent being quartz.

A. and its
B. since its
C. its
D. it is

2. _____ in the daytime for most of the year, the groundhog hibernates in a burrow during winter.

A. Is active
B. That it is active
C. Active
D. While is active

3. The wood of elm trees is used in shipbuilding and in _____ barrels, furniture, flooring, and sporting goods.

A. to make
B. as made
C. making
D. to have made

4. In 1867 Russia sold Alaska to the United States, and in 1958 _____ the forty-ninth state.

A. Alaska’s becoming
B. Alaska became
C. when Alaska became
D. Alaska to become

5. Almost _____ countries use the decimal system.

A. all
B. all of
C. all of which
D. of all

6. _____ allows the skin and thus the body to be cooled.

A. Sweat evaporates
B. When sweat evaporates
C. Sweat, the evaporation of which
